

TOVEA - PMB #430 - 197 Woodland Parkway Suite 104 - San Marcos, CA 92069-3020

The Twin Oaks Valley Equestrian Association was formed in 2005 to speak for the equestrian community in order to preserve one of the last areas of San Diego that is predominately rural and equestrian.

Objectives of TOVEA

Equine Education and Advocacy:

Keep the community apprised of issues that affect our equestrian and rural lifestyle. Be a visible force representing our diverse industry at the City, County and State levels. Create educational opportunities for equestrians and our neighbors in order to maintain a cohesive rural community.

Horse Park and Trail System:

Assist in the planning process for the City and County trails program. Sponsor and host events that aid in renovation, maintenance and preservation of Walnut Grove Horse Park and surrounding trails.

Equine Emergency Response:

Develop an emergency evacuation program. Provide opportunity for training workshops with C.E.R.T., County animal organizations and neighboring program VCLAST.

Community-Business Partnership:

Network and engage with local establishments, clubs and organizations to build strong community for the mutual benefit of business and rural interests.

Support through Membership
